As a child, London Danvers was kidnapped from her wealthy family. Over the years, many women have come forward claiming to be the long-lost heiress - only to be exposed as frauds. Now, another woman has arrived in Oregon, claiming to be London. But Adria Nash is different. She knows personal details only London could have known, yet she can't remember what happened the night of her abduction - a fact that makes family rebel Zachary Danvers suspicious. Still, Adria is determined to prove her identity...there's a paralysing sense of dread she just can't shake. And she's right to be afraid - because someone does believe her. Someone who is watching Adria's every move. Waiting for the right moment to see how she runs...see how she screams...see how she dies.
